REQUEST FOR CERTIFICATE OF CORRECTION UNDER 35 USC 254

TO THE COMMISSIONER FOR PATENTS:

Applicant respectfully requests a Certificate of Correction pursuant to 35 U.S.C. 254 (Patent and Trademark Office error) for the above-identified patent.

The face of the patent is missing the Related U.S. Application data; namely, Parent Continuity Data for Application, 09/246,506 filed February 8, 1999. The correct Parent Continuity Data was provided in the Specification, as well as in the Utility Application Sheet, both of which were filed with this Continuation Application on March 15, 2004.

We believe that the above listed errors were the USPTO's responsibility and we believe no fee is owed for this Certificate of Correction. If, however, insufficient fee payment occurs, the amount may be withdrawn or deposited from/to ÆON Law's deposit account. The deposit account number is 50-4051.

Respectfully submitted,

ÆON LAW
